

Mission Trip to Mozambique April 2022.

It was a great privilege to begin travelling again on mission as I joined Paul Simpson at the end of April 2022 on a week's trip to Maputo and then further north to Guinjata Bay on the coast in Inhambane province. Paul and I used to be based together in Pietermaritzburg and he has subsequently planted churches and is currently doing an excellent work in helping to strengthen existing apostolic men particularly in Africa.

We teamed up with Calmito Naife in Maputo – Calmito is also a dear friend of mine who also leads a growing apostolic group in Mozambique. It was so good being in Mozambique again and being involved in gospel and leadership training again with leaders from several other regions.

The Lord really honoured our time together and I was privileged and humbled to hear amazing testimonies and reports from what God is doing in the lives of many faithful church leaders in that nation. It really seems like the bride of Jesus Christ is awakening again with fresh gospel vigour after a long lockdown under Covid! Let's continue to pray for Mozambique and Paul and

Calmito in reaching the unreached areas of Mozambique with the gospel.

Blessings

Craig Botha
